### Other leaning points given through the series:

- If you want to see God look to Jesus - He shows us what God is like
- Jesus has 'sat down', i.e. His work is done, He has already *done enough* for us
- **Identification** – In Jesus God identifies with fallen humanity (yet without sin), enabling Him to be fully qualified to save us
- Growing in maturity means working out our faith – applying it
- Jesus brings a *New Deal* – the new covenant
- We are given *Firstborn Status* – Son's & Daughters of the King with firstborn inheritance rights
- We are in the final '100 days' (metaphorically speaking) – so we should prioritise accordingly!
- 'Judgement' = 'sifting', i.e. God shaking things up to separate the good from the bad
- Between Old Testament and New Testament it is the *same God* – but now He is fully revealed in Jesus!
